## THE BANNER.

PUBLISHED EVERY THURSDAY BY  
C. T. ALLEN.  
Price of Subscription \$2  
THURSDAY, JUNE 7, 1877.

### Family Groceries,

M. C. YANCEY,

Late of Hopkinsville, has opened a first-class FAMILY GROCERY next door to the Post Office, where he will constantly keep on hand and sell at  
**VERY LOW FIGURES**  
Sugars, Coffees, Molasses & Syrups, Canned goods, Soap, Confectioneries, Cigars, Tobacco, etc. He buys for CASH and will sell on the same terms, and is thereby enabled to sell at reduced figures. Call and see his goods and learn his prices, and you will be apt to buy June 7-8 mos.

### LOCAL.

Clean up your premises and sprinkle lime freely around.  
Squire Steele has sold his residence in town to Mr. J. R. Martin.  
Squire Leech, who has been quite ill for some time, is now up, but not yet able to attend to business.

Mr. John P. Gracey has bought the residence in which he is now living, and has made some improvements on the lot.

Commissioner Davis says the wheat crop of the State is above an average in acreage—say 110—and that it is quite promising.

Mr. John C. Prince has placed under obligation for a lot of very nice and thoroughly ripe cherries—the first we have seen this season.

If you want to see some of the prettiest goods in the jewelry line, just step around to Sherrard's. His prices are so reasonably moderate.

Day circuit court closed Tuesday evening, and Judge Jones has his way home. He rests now for two months.

No one has yet administered upon Mr. R. M. Calvert's estate, but his widow and children are running the flour and woolen mills. We speak for them a liberal patronage.

There is standing in front of Mr. David D. Maxwell's residence, in this county, a large apple tree which has not failed to bear fruit during the past seventeen years.

Crittenden county has started a Lead and Zinc company with a capital of \$300,000, all paid in, with good prospects ahead. See "Public Notice" of it in another column.

There is much complaint in the northern part of the county of the hurt entailing the tobacco plants. They have not only rooted up many beds, but have eaten the plants with a relish.

Cerulean Springs, Trigg county, will be opened this summer for visitors under the management of Mr. B. Malloy. The opening ball will be given on the 14th inst, when a jolly good time will be had.

We hear that Mr. Clay Rice has, perhaps, the finest lot of wheat in the county. The lot is small, it is true, only six acres, but it is estimated that it will yield 50 bushels of wheat. The heads are fully five inches long and well filled.

In our last issue Mr. D. D. Maxwell put an advertisement of a last mule, and within forty-eight hours after the paper left Princeton he knew where the mule was. It was found in the lost stock, advertised in the BANNER.

There are two or three young men in Marion who are decidedly of the opinion that Ohio is the garden of Eden of the present day, and in the charming little city of Glendale has grown and blossomed one of its sweetest flowers.

The New Era says that the present inhabitant of Christian county never saw such a good prospect for a wheat crop. It is estimated that that county will have at least a million bushels for sale, provided no misfortune befalls the crop.

Mr. David D. Maxwell, of this county, has a fine Berkshire sow that has had during the past three years, nine litters of pigs, averaging twelve pigs at each litter, and has raised one hundred of them. If any farmer in Caldwell or any of the adjoining counties can beat that, he shall have the BANNER one year gratis.

The closing examinations of Princeton College will commence Monday morning, June 11, and continue during the week. All friends of education are cordially invited to attend. The examinations will be partly oral and partly written. Concerning an eight-day clock, half a dozen cups and saucers, and \$150 in silver. He says the clock was running and kept correct time. We are well acquainted with the fisherman, and he is now living here and keeping house on the fruits of his discovery. It is thought that this fish was here during the water in 1867.

Mr. Geo. Ratliff moved into his new home—the Jeff Gray place—this week, which he recently purchased at very low figures. He has greatly improved it, and when he is done with it, will make it one of the most pleasant and desirable residences in town. He is certainly manifesting in the improvements good judgment and good taste.

Mr. Geo. Bishop has now left for good. So he said in a note to his wife. And the beautiful widow left with him. And he left his "benefaction" was understood for the Editor of the BANNER. When a man deserts his wife and child and goes to live with another woman, the Devil orders a big pot to be placed on the fire, for he is sure of getting, in due time, a first class dish of misanthropy.

## MARSHALL COUNTY.

A Public Meeting at Briensburg Endorses Capt. Stone's Course in the Last Legislature.

And Invites Him to Become a Candidate for Re-election.

At a meeting of the citizens of Marshall County held in Briensburg on Saturday, June 24, 1877, J. H. Davis was called to the chair and W. R. Nimmo was made Secretary. On motion, E. D. Luter, G. W. Wyatt, F. N. Burdick, B. F. Thomas, J. W. Brown, and P. J. Heath were appointed a committee to draft resolutions expressive of the sense of the meeting, and they reported the following resolutions which were unanimously adopted.

Resolved, That we take pleasure in endorsing Hon. W. J. Stone of Lyon county, our representative in the last Legislature, and approve of his course in that body.

Resolved, That we solicit him to become a candidate to represent Marshall and Lyon counties in the next Legislature, and should he do so we will do all we can to elect him.

Resolved, That a copy of the above be sent to Capt. Stone and also to the Paducah News and Princeton Banner with the request that they publish the same.

J. H. DAVIS, Chairman.  
W. R. NIMMO, Secretary.

On last Saturday an excellent rain fell in Crittenden county, and for such we know, in some parts of this county. Our farmers in the vicinity of this burg were sorely disappointed. They had not even a dust-layer.

The citizens of Hopkinsville must be "flush." The New Era mentions a dozen or more gentlemen who are building, or just completed handsome residences. It is really refreshing even to hear of some who are prosperous in these times of financial depression.

A glorious rain fell in this county on Tuesday morning. In fact it fell showers during the day, giving our farmers a fine season for tobacco planting. As they have had abundant opportunity to prepare their land, and as there are "worlds" of plants, we suppose everybody planted all they desire to plant.

Our people should remember that not a few of the dispatches from Europe touching the Russo-Turkish war are, in all probability, phrased by parties deeply interested in the grain speculation of this country. Every now and then a dispatch says that there is some talk of peace, which has a tendency to put wheat down. Of course, there will be peace some of these days, but in our humble opinion, it is a long way off.

The wife of General John B. Hon of New Orleans, the brave and gallant Confederate Commander, recently gave birth to the third pair of twins. We print this piece of extraordinary news for the benefit of the very young men and ladies of the great Southwest that, when they go out into the world in search of fortune, fame and a companion for life, they give the road, yes sir, the whole neighborhood to that family of Honors.

Messrs Morgan & Stevenson are turning out lumber at a rapid rate at their mill three miles north of town, on the Smith's Mill road. Their sawmill is one of the best in this section, and they are men of indomitable energy and excellent business capacity, and as clever gentlemen as any would meet with in a month's journey. Their rates for lumber are moderate. The fact is lumber is cheaper now than it has been in many years, and if our people ever

generally now is the time. Lumber is cheap, nails are cheap, labor cheap, timber bountiful, sawmill convenient, why not go in for improvement? If you can't do all in one year, get your lumber and wait for better times to buy nails and build.

When you go in for "yearning," go in "big and heavy." Its best not to mince matters at all. The Ballard county correspondent of the Louisville Evening News evidently wrote on this principle when he told the following "whale" in the News of Tuesday of last week:

"Ogden's Landing is becoming quite popular for its fishing advantages, it seems. A gentleman living near the river front visited this landing on a fishing excursion, and caught a cat fish weighing two hundred pounds. He hauled it home on a wood wagon, and while preparing it for cooking, he discovered it to contain an eight-day clock, half a dozen cups and saucers, and \$150 in silver. He says the clock was running and kept correct time. We are well acquainted with the fisherman, and he is now living here and keeping house on the fruits of his discovery. It is thought that this fish was here during the water in 1867.

Dyessburg School.  
By a thorough examination and blameless conduct in the school-room, I find the following pupils entitled to be enrolled on the Roll of Honor: Wm. Jackson, Wm. Yandell, W. S. Dyess, Jas. Martin, E. Wyatt, C. Moore, Eugene Graves, Emma Graves, Willie Martin, Mattie Brown, Beck Cassidy, Fattie Cassidy, Pink Martin, Emma Lawrence, Jennie Clift, Louisa Wells, Sarah Twiddle, Martha Twiddle.

John S. Brown Teacher.

## FROM TEXAS.

What Mich Higgins Thinks of the Lone Star State.

Brownwood, Brown Co. Texas, May 25, 1877.

Mr. Editor:  
In a recent number of the Banner, I read some remarks of yours in regard to Nottley Gore's views of Texas, which were calculated to depreciate this State in the estimation of those who rely on Nottley for information and on his likes and dislikes as their guide.

My opinion is that Nottley has not seen much of Texas. What would a man think of Kentucky, if he were placed on the old Calvert farm north of Princeton and not allowed to look around elsewhere in the county? The lands of Texas are as far ahead of the lands in Kentucky as the Macon and Rice lands of Caldwell are ahead of the old Calvert farm. It is true that trees with "fruit of gold and leaves of silver" do not grow here, but the soil is as fine as heart could desire. I have never seen soil so easily tilled. I broke up my ground last November, planted it in March, and now my corn is waist high and looks fine; have plowed it twice and will be done laying by next week. Most of the Texas plow their corn only once, and then make 45 to 50 bushels per acre.

Land is cheap here, ranging from \$1.50 to \$2 per acre.

You represent my friend Nottley as saying that he would give one old Kentucky scrub cow for all the Longhorns in Texas. That may be true, but my idea is that Nottley is afraid to "tackle" a Longhorn for milk—she looks so dangerous. I am milking two now, and each one gives more milk than any cow Nottley ever had in Kentucky.

Most of the natives let their cows go dry in the fall, and go without milk till spring, as the cows don't know how to eat corn, and the people don't want to learn them, having an abundance of grass to feed them during the winter. A man may have 500 head of cattle, and it would not cost him to feed them through the winter as much as one cow costs in Kentucky.

Wheat is fine, and harvest will begin next week. The grasshoppers have eaten up the wheat in some counties and destroyed some of the crops in this county. They are now flying over us by the millions. If they will only pass me by, I don't think I will be back in Kentucky as soon as Nottley.

Very truly yours,  
J. M. HIGGINS, Jr.

The annual meeting of the Kentucky Christian Sunday School Association will be held in the First Christian church, corner 4th and Walnut streets, in the city of Louisville, beginning the 10th day of October, and will continue three or four days, but in our humble opinion, it is a long way off.

The wife of General John B. Hon of New Orleans, the brave and gallant Confederate Commander, recently gave birth to the third pair of twins. We print this piece of extraordinary news for the benefit of the very young men and ladies of the great Southwest that, when they go out into the world in search of fortune, fame and a companion for life, they give the road, yes sir, the whole neighborhood to that family of Honors.

## MARION.

Summer Term of the Circuit Court.

A Legislative Wrangle.

Last Monday was the opening of the Circuit Court in Marion. The day was a pleasant one, and the atmosphere in a delightful condition, fine rains having fallen in the county on Saturday before. Nearly every body had planted tobacco, the cornfields were in fine condition, the wheat fair and promising, the clover "blooming," and consequently, nearly every body was feeling bright and cheerful.

At nine o'clock the court bell rang, and immediately the jury, who had been summoned from the county on Saturday before, came into the court house, and the court opened with the usual prayer. The grand jury, who had been summoned from the county on Saturday before, came into the court house, and the court opened with the usual prayer.

The grand jury, who had been summoned from the county on Saturday before, came into the court house, and the court opened with the usual prayer.

## COMMISSIONER'S

NOTICES OF SALES IN EQUITY.

JAMES H. LEECH Plaintiff Against JAMES M. DAWSON & Co. Defendant.

By virtue of a Judgment and Order of Sale of the Circuit Court of Marion, rendered at the April Term thereof, 1877, in the above styled cause, the undersigned will, on Monday, the 18th day of June, 1877, between the hours of 10 o'clock, a. m. and 4 o'clock, p. m., at the court house door in Princeton, Caldwell county, Kentucky, (being the 1st day of June term court by Court,) proceed to expose to PUBLIC SALE, to the highest bidder, the following described property viz: One certain lot or parcel of ground in the town of Princeton, Ky., fronting about 200 feet on Washington or 24 South street, immediately opposite the South corner of Princeton College lot. Said lot will be divided into two parts or lots by a line running Northward from said Washington street back to the alley making two lots fronting 100 feet each on said Washington street. The eastern division will embrace the houses and improvements now occupied by Thomas McConnell as a residence, \$978.60. TERMS—Sale will be made on a credit of twelve months. The purchaser will be required to give bond with approved surety, for the payment of the purchase money, to have the force and effect of a judgment, bearing legal interest, from the day of sale, with a lien reserved upon said property until all purchase money is paid.

WM. M. WOOLF Plaintiff Against J. M. WOOD & Others Defendants.

By virtue of a Judgment and Order of Sale of the Circuit Court of Marion, rendered at the April Term thereof, 1877, in the above styled cause, the undersigned will, on Monday, the 18th day of June, 1877, between the hours of 10 o'clock, a. m. and 4 o'clock, p. m., at the court house door in Princeton, Caldwell county, Kentucky, (being the 1st day of June term court by Court,) proceed to expose to PUBLIC SALE, to the highest bidder, the following described property, viz: Five tracts of land. The first tract lies in Caldwell county, Ky., on Muldy fork of Little River, containing 103 acres, more or less, conveyed by T. L. McNary to J. M. Woolf by deed dated Dec. 27, 1850. The second tract in same county on same water course, containing 22 acres more or less, conveyed by J. M. Woolf by B. J. Grubbs by deed of date October 22d 1855. The third tract in same county on same water course, containing 200 acres more or less, conveyed to said Woolf by E. P. Watkins cum by deed of date July 25th 1854. The fourth in said county on the waters of Edgemoor, containing 42 acres more or less, being the same land conveyed by A. J. Martin to J. C. Prince, and by J. N. Turner, cum to J. M. Woolf by deed of date May 28th, 1871. The fifth tract lies in said county on the banks of Little River and Pryors fork, containing—acres, the same conveyed to the said J. M. Woolf by Patey Howard and R. P. Howard, Executors of Logan L. Howard by deed of date September 3d 1859—Wiley Baker has a superior lien on 125 acres of the last named tract to the extent of one dollar and same will be sold to that extent in satisfaction first of said Baker's claim or a sufficient quantity thereof, to produce the sum of \$445.88 the amount of money ordered to be made said tract hereof.

TERMS—Sale will be made on a credit of twelve months. The purchaser will be required to give bond with approved surety, for the payment of the purchase money, to have the force and effect of a judgment, bearing legal interest, from the day of sale, with a lien reserved upon said property until all purchase money is paid.
